Dear FCC:

To whom it may concern ,

I am writing in regards to the cost of the tracfone monthly fees increasing. As a 19 year old college student i feel this is unfair. I thought tracfone was different no monthly fees, i thought you bought a card and watched your minutes for younger children it really teaches them to save as they would with water, electricity etc... what is this increase teaching america? that were greedy? what will one extra dollar really benefit? i suggest you give this more thought and think of your customers
sincerly Linda H
